RE: Racketeering Complaint Against Goldman Sachs, Bain Capital, Mitt Romney and Paul Traub  
Involving Corruption of New York Supreme Court, Disciplinary Counsel and U.S. Government

Dear Public Corruption Chief;

Having witnessed recent events, including the new evidence of corruption within the process of monitoring ethics by attorneys and the reported tapping of judges chambers in the New York Supreme Court and Disciplinary systems. Combined with major events prior to this time of national significance, I bring forth this “Complaint” to your Public Corruption division for good reasons.

Whereas Paul Traub and the [www.MNAT.com](http://www.MNAT.com) law firm are involved in corruption of the judicial process of the New York Supreme Court case of eToys (renamed ebc1) v Goldman Sachs (case #601805/2002). Their crimes are already confessed in part in the Delaware Bankruptcy case of eToys (DE Bankr. 01-706) and were reported to various parties in the state and federal systems in NY, DE and CA. Corruption within those various systems, including attorney ethics reviewers in New York, did permit Paul Traub to expand Romney's organized crimes. Whereas Traub was also a partner of fraudster Marc Dreier and “*controller*” of Tom Petters Ponzi schemes. Traub's other cohort, Larry Reynolds, was able to launder \$12 Billion for the scheme, while in the Witness Protection Program.

Enigmatically, one of Mitt Romney's “*retroactive*” secrets besides eToys frauds, is the fact that Colm Connolly was a partner of MNAT until August 2, 2001. At that time, upon my declining their bribery acts and reporting them, Romney purportedly resigned as Bain Capital's CEO and Colm Connolly became the DE U.S. Attorney who effected cover ups/ corruption on a grand scale. Connolly should be a suspect in the death surreptitious of Jack Wheeler, instead of the wickedness of his being the family counsel. The Los Angeles Division of the Dept. of Justice Public Corruption Task Force was, *in all likelihood*, shut down and career Asst. U.S. Attorneys “*threatened*”, in order to make assure that the racketeering boss Mitt Romney would have his chance to become President of the United States.

There are more than 100 state, federal and SEC statutory violations pertaining to the cases related here. The evidence is copious, prodigious and irrefutable (being 90% public records). The federal venality has become so systemic and incestuous that the DE Bankruptcy Ct. Clerk illicitly withheld my Complaint against Romney, to prevent media exposure, from being entered into the public docket record on October 24, 2012 - until the election was over on November 6, 2012.

I testify this is true and correct “*Under Penalty of Perjury*” and seek your assistance to rectify!
