<blockquote>If you want to climb in the <strong>PPEP</strong> Rankings, you must embrace certain people with a background in<strong> Fake Evidence</strong> or <strong>Document Fabrication</strong>. And don't try to tell me about Fake Ethics because if you disagree, you're just a #Racist<br />- <strong>Stephen J. Brogan</strong> of <strong>Jones Day<br /><br /></strong></blockquote> <p>◆</p> <p style="text-align: center;"></p> <p>We've been getting heavier traffic on <a href="cases/sonicblue.html"><strong>SONICblue</strong></a> and all things <a href="search/bruce%20bennett.html?ordering=newest&searchphrase=all&limit=0"><strong>Bruce Bennett</strong></a> than when we first covered the impulsiveness. Why not tell us on Twitter if you're a "<strong><em>potential</em></strong>" client, <a href="http://www.jonesday.com"><strong>employer</strong></a>, or an investigator? Perhaps you're an "<strong><em>actual</em></strong>" conflict, former associate, or public servant getting dragged through the muck. They say that M.I. can predict an invasion just by the increased frequency of communications in the lead up - not sure the analogy applies but there seems to be something in the warming Spring air... We'll only know when you speak out. But no matter who you are: Thank You for your support of this site.</p>
