

SONICblue- A collection of some of the largest and wealthiest U.S. law firms and their lawyers
These Crooks Clearly Conspired
Neo-Mafia
to commit Fraud On The Court.

You have to be an incredibly sleazy and corrupt bankruptcy lawyer when one of your own slaps you around like this:

- [Suzzanne S. Uhland](people/suzzanne-uhland.html) and [O'MELVENY & MYERS LLP](http://www.omm.com) and their "participation in fraud".
- [Bruce Bennett](organizations/jones-day.html) of [Jones Day](http://www.hbdlawyers.com) (previously [Hennigan, Bennett & Dorman LLP](http://www.hbdlawyers.com) until it imploded, then [Dewey LeBoeuf](organizations/dewey-leboeuf/ides-of-march.html) and its implosion) conducted an "insidious campaign" to corrupt the administration of [the SONICblue] bankruptcy case.
- [Aron Oliner](http://www.duanemorris.com) of [Duane Morris LLP](http://www.duanemorris.com) takes a "half hearted approach to challenging O'Melveny & Myers' role in the fraud on the court".

Sadly, the masquerade pretending to be truth and justice in our U.S. Bankruptcy Courts as established by the **revolving door** **Office of the U.S. Trustee**, many bankruptcy judges, and the largest of our BigLaw law firms has embraced Fraud Upon The Court as a fundamental business model. Large law firms routinely lie about their conflict of interest exposure with current and former clients in bankruptcy cases, as they say:

You can't make a mega bankruptcy firm **omelette** having a national reach without breaking a few conflict of interest law **eggs**!

Thus, BankruptcyMisconduct readers often see blatant examples of such frauds ignored, tacitly approved, or resolved without punishment, **notwithstanding** a clear and explicit legislative imperative (Title 18 U.S.C. § 3057) that all crimes must be referred.

There is only **William McGrane** of **McGrane Greenfield LLP** who we can thank for insuring that the misconduct was at least brought to the attention of the Court. Duane Morris LLP, is bitch slapped by McGrane for trying to show favoritism towards their cohorts in bankruptcy industry corruption.

Should Suzzanne Uhland Inform & Testify against the SONICblue Co-Conspirators?
