

## **NewsFlash: Howard Stern has higher morals than bankruptcy professionals. The Department Of Justice will not hold Official Trustees to as high a standard as radio talk show hosts.**

Misconduct rampant in the Federal Bankruptcy Courts includes private profiteers performing plain *olde fashioned* **sexual harassment** with some **racist bigotry** thrown in *at no extra charge*

You guessed it folks, Bankruptcy Professionals operate above the law and the Department Of Justice simply doesn't give a damn when attorneys and bankruptcy professionals are caught in ethics violations, moral turpitude, sexual abuse and harassment, and criminal acts. In particular, false sworn declarations by lawyers are apparently considered as ordinary course by the DOJ and are not prosecuted. Of course, if anyone of us was to have engaged in the lewd, harassing, sexist, and racist conduct of this particular Official Bankruptcy Trustee, we would not get off with a slap on the wrist. If this creep was a:

**Anyone else would have been** uted then sued **fired, then prosecuted**

*Now guess what happens to a **Bankruptcy Trustee**, a bankruptcy profiteer, the person who individual Debtors after they filed for bankruptcy are forced by Judges to work with? Read below and weep.*

This creep was caught in repeated **h**

**abitual sexual harassment of women**

, and other degrading remarks and

**racist conduct**

towards individual bankruptcy petitioners.

This pig was acting under color of law - [authorized and regulated by the Office Of The U.S. Trustee](#)

**Noone can reasonably believe That The Office of the U.S. Trustee Has The Integrity To Regulate Anything.**

Open question to **Talk Radio** - "*How about all of this?*"

**Will your corporate parents allow you enough free speech wiggle room that you can report on the double standard which allows an Official Bankruptcy Trustee to habitually engage in outrageous derogatory, sexist, harassing, and racist speech directed at individuals without consequence?**

Your listeners may want to know why you talk radio hosts are held to such a different standard, and why the mainstream media fails to cover the corruption and harassment in the bankruptcy courts. Free speech is supposed to rule the airways, and individuals are supposed to be protected from lecherous, corrupt bigots who are empowered by offices of our federal

government. *Why the outrageous double standard which holds a higher standard for talk radio and a lower standard of U.S. Trustees?* Your listeners want to know why credit card companies and sub-prime mortgage companies are so important, while real people struggling with debt from medical builds, abusive lending, divorce, job loss, and countless other economic problems are treated like filth by privateer lawyers working under the authority of the U.S. Trustee Program.

**Notice how at the conclusion of the administrative hearing transcript (actually more of a secret review without participation by the victims) regarding this particular Trustee's pattern of harassment, the Federal Government accepts the Trustee's excuse of ignorance as to basic morality and law a la George Costanza from Seinfeld. *"Is there anything wrong with what I did. If anyone had ever told me that sort of conduct was frowned upon, I would never have had sex with the cleaning lady on my desk"***

**Truth is stranger than fiction.  
... So is Justice in the U.S.A.**
