That Bankruptcy Fraud, by organized crime lawyers, was alive and well.
 That Bankruptcy Rings are a massive form of organized crime which are alive and well.
 That Organized Crime families are involved in numerous affiliated businesses and criminal endeavors.
 That Corruption exists with the help and bribery of public officials.
 That these crime family members are cutting their own deals and rating out their brethren.<p></p><p>
 Organized Crime was the major player in our current financial crisis, and now they are getting involved in selling human body parts, right here in the U.S.A.

 Previously on this web site, and with many links to other sites, we have described all of the above. We also foretold of a coming cathartic cleansing of the public officials who protected and profited from evil organized crime families whose illicit businesses included bankruptcy rings. Below we see an article showing every element just mentioned, from Bankruptcy Fraud to Illegal Organ Trading. No explicit mention of the oft connected Prostitution Rings in the article below, so we'll just remind the reader of the names of prosecutor Eliot Spitzer and bankruptcy lawyer Lou Posner.

 Inextricably intertwined with the actions of these crime families and the public officials are money laundering via front organizations which fraudulently claimed to be tax free, charitable organizations, and innocent religious organizations.

 Dear Corrupt Lawyers involved in the Bankruptcy Industry:

 Don't make the mistake of thinking that these initial strikes against the organized crime families to which you either belonged, or protected, are anything but a beginning. This is only a beginning.

 We told you that there was a core of Federal Employees whose oaths to the Constitution transcended the evil grasp of the criminal elements which are pervasive in our DOJ and Judiciary. We told you that the noose was tightening against the organized crime families. We told you that your brethren in organized crime were coming forward to cut their own Deals. We told you that time was running out.

Analysis: This is classic game theory, the scenario known as "The Prisoner's Dilemma".

 Do you really want to protect your standing in your "community" by doing 10, 20, or 30 years in jail on top of financial

collapse? What pride and honor is in that? Wouldn't you prefer to be an informer and keep your freedom, money, and the ability to choose your own bunk mate? Don't you realize that the window of opportunity to strike your own deal may be closing? Did you laugh off the warnings of this web site years ago? Did you laugh off the press release , issued prior to his election as the Governor of New York, calling Eliot Spitzer corrupt?

We know more than you about what is coming.
And we haven't told all that we know...
Time ... is ... running out

Excerpts from www.breitbart.com and the Associated Press (emphasis in **bold** added):

3 NJ mayors, lawmakers arrested in corruption case
NEWARK, N.J. (AP) - An investigation into the **sale of black-market kidneys** and fake Gucci handbags evolved into a sweeping probe of **political corruption** in New Jersey, ensnaring more than 40 people Thursday, including three mayors, two state lawmakers and several rabbis.

Even for a state with a rich history of graft, the scale of wrongdoing alleged was breathtaking. An FBI official called corruption "a cancer that is destroying the core values of this state."

Federal prosecutors said the investigation initially focused on a **money laundering network** that operated between Brooklyn, N.Y.; Deal, N.J.; and Israel. The network is alleged to have laundered tens of millions of dollars through Jewish **charities** controlled by rabbis in New York and New Jersey.

Prosecutors then **used an informant** in that investigation to help them go after corrupt politicians. The informant **a real estate developer charged with bank fraud three years ago** **posed as a crooked businessman** and paid a string of public officials tens of thousands of dollars in bribes to get approvals for buildings and other projects in New Jersey, authorities said.

...

Also, five rabbis from New York and New Jersey **two of whom lead congregations in Deal** **were accused of laundering millions of dollars, some of it from the sale of counterfeit goods and** **bankruptcy fraud**, authorities said.

Rosenbaum was quoted as saying he had been **arranging the sale of kidneys** **for 10 years**.
